

Ecotourism Society of Prespa

The ecotourism society of Prespa is the result of meetings, visits, discussions and research by a team of tourism stakeholders under the coordination of the Cultural Triangle of Prespa.

*Welcome
to Prespa!*

**Ecotourism
Society
of Prespa**

With the signing of the statute, it's members agree to participate in a process for the improvement of the quality, in order to:

- make the visitor feel as a guest, part of the local community
- face the practices for the protection of the environment and the cultural inheritance as an advantage and not as an obstacle
- give the visitors the opportunity to get to know and respect the real way of life of the region
