

ANNOUNCEMENT - INVITATION

We are pleased to invite you to the international conference **"Innovative Practices of Biotourism in Prespa - New Dimensions of Development"**. The event will be held in conference hall of **Pyli in Prespa**, on **5-7 of October 2013**.

For your information we attach the program and its participants of the event.

The international conference will take place within the European cross-border cooperation project entitled "Innovative Practices in Biotourism" as introduced in the transnational Territorial Cooperation Programme "Greece – Albania IPA Cross-Border Programme 2007-2013"

The project aims to promote a common internationally competitive tourism product that includes beautiful scenery and invaluable natural and cultural heritage shared by the two regions of Prespa and Korca.

We invite you to attend **Saturday, October 5 at the opening of the exhibition of the Collection Panagiotis Koliomichalis and opening of the conference** and reception and **Sunday, October 6 at the proceedings of the conference**.

Parallel will exhibit their works local artists Dana Paraskevopoulou and Panagiotis Stergiou.

I look forward with great appreciation in your presence at the event.

Kind regards

Gabriela Scheiner
Director of the Cultural Triangle of Prespa

BIOTOURISM [bios = life & Tourism] - tourism that respects the precious commodity of life

Objective is the protection and promotion of natural and cultural resources and regional development through

***horizontally cooperation among stakeholders and the local
community***
